How Can You Be Socially Responsible?

Keep Your Child Safe From COVID-19 Series

How Can You Be Socially Responsible?

Children, do you know
what **socially responsible** means?

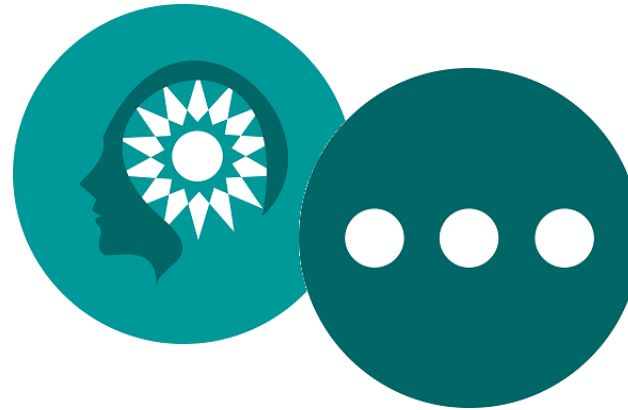

Note: Invite children to guess what socially responsible means.

How Can You Be Socially Responsible?

Being **socially responsible** means to take care of ourselves and keep others safe by not passing on germs.

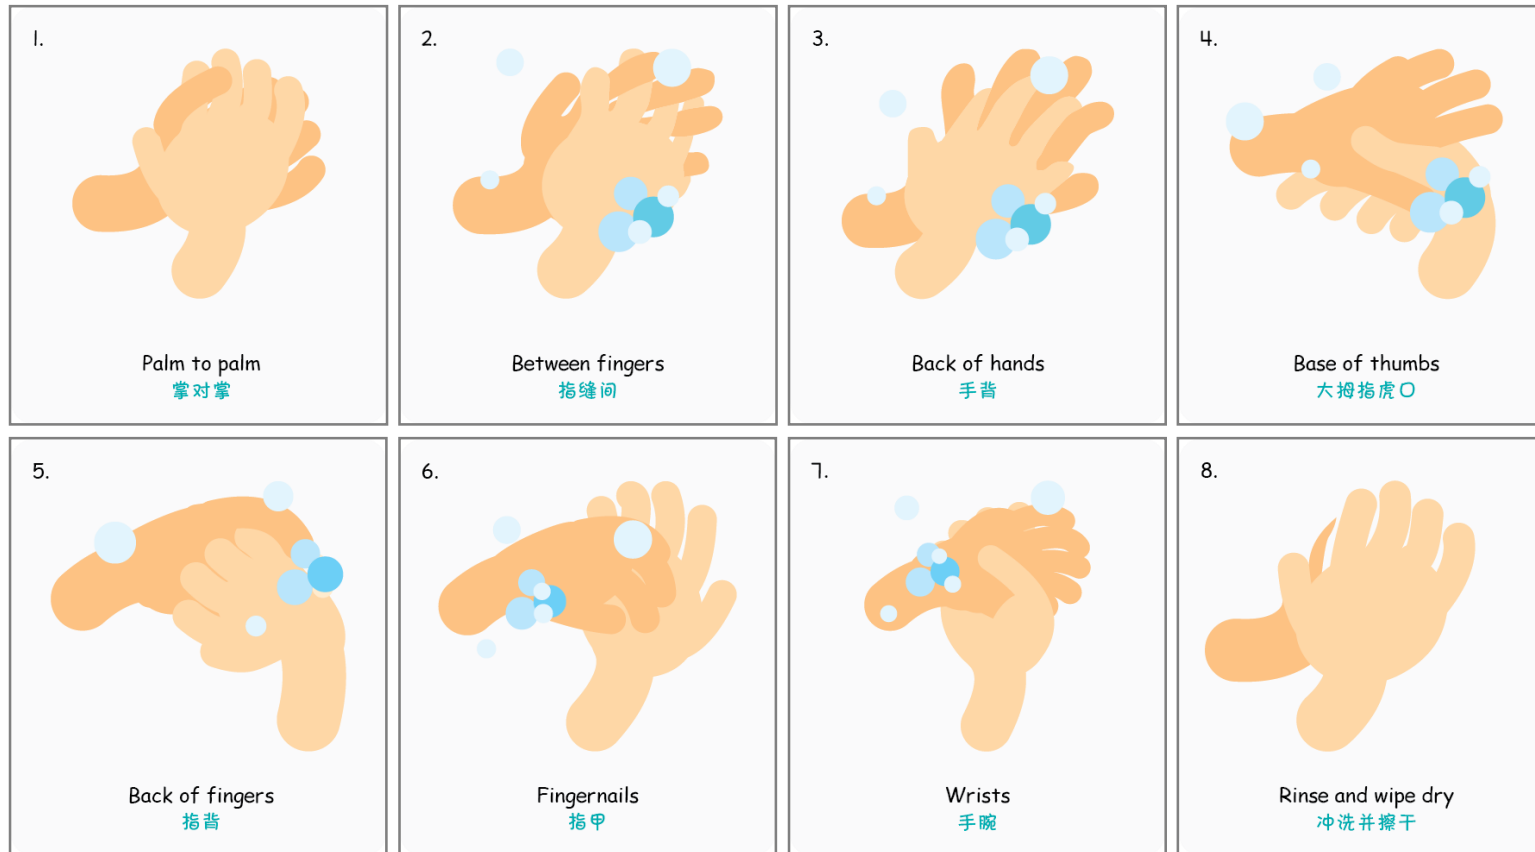

How Can You Be Socially Responsible?

You can be **socially responsible** by practising good hygiene habits. What are some good hygiene habits?

Note: Encourage children to share their views boldly.

How Can You Be Socially Responsible?

Always wash your hands with soap using the proper hand washing steps.

How Can You Be Socially Responsible?

Always use a tissue when sneezing or coughing and throw the used tissue into a rubbish bin .

How Can You Be Socially Responsible?

Sneeze into your elbow if you do not have any tissues with you.

How Can You Be Socially Responsible?

**Do not touch or rub your face, eyes, nose and mouth.
Avoid shaking hands too!**

How Can You Be Socially Responsible?

Activity I

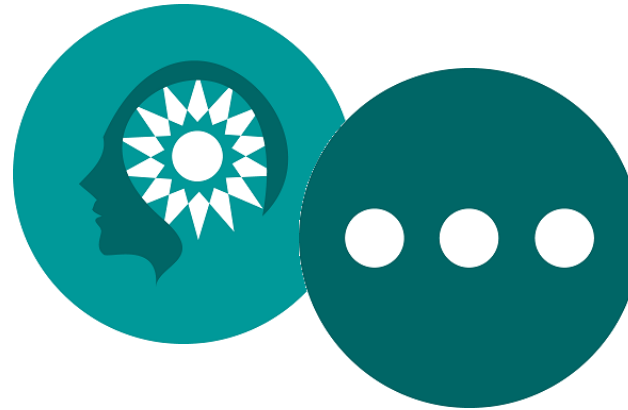

How can we greet one another without shaking hands?

How Can You Be Socially Responsible?

Let's try:

1. Wave at your family members.
2. Find a family member and do the peace sign.
3. Find a family member and bow slightly.

How Can You Be Socially Responsible?

Can you think of other ways to be **socially responsible**?

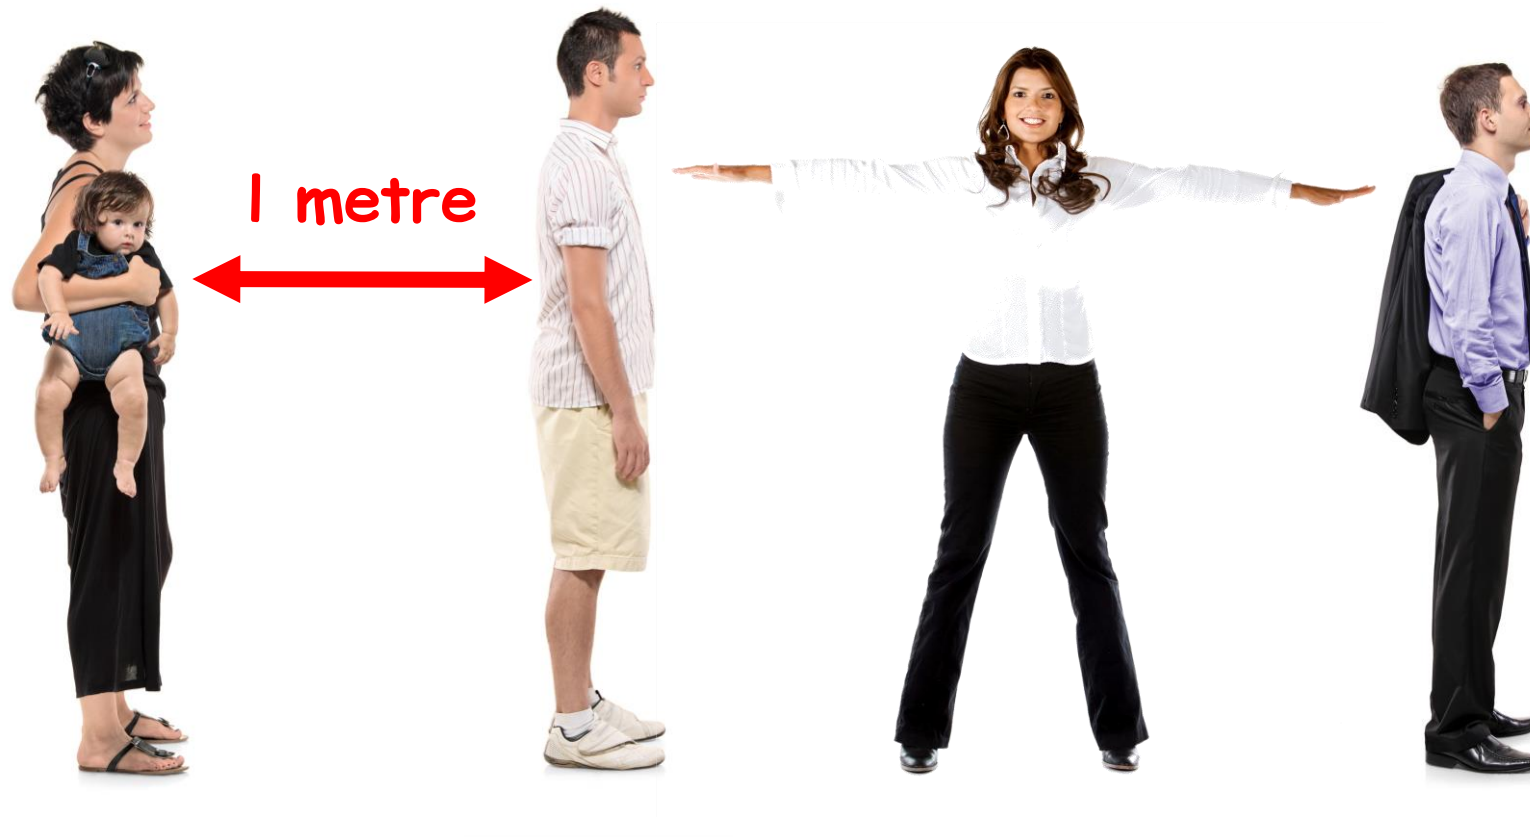

Note: Encourage children to share their views boldly.

How Can You Be Socially Responsible?

After you are done with your meal at a food court, return the tray with the dirty dishes and keep the table clean.

How Can You Be Socially Responsible?

Practise **social distancing** in public places.
Stay at least 1 metre away from the next person.

How Can You Be Socially Responsible?

For adults, 1 metre is about 1 arm's length
and for children, 2 arms' length.

How Can You Be Socially Responsible?

Visit a doctor when you are **sick**. Stay at home and do not go to crowded places until you have fully recovered.

How Can You Be Socially Responsible?

Wear a **mask** when you are **sick**. This will help to prevent the **virus** from spreading to people near you.

How Can You Be Socially Responsible?

Class Activity 2

Let's find out:

How does a surgical mask prevent one from spreading his/her viruses?

How Can You Be Socially Responsible?

Let's do:

1. Gently spray some coloured water on the inner layer of a mask.
2. Check the outer layer of the mask. Did the water go through?

How Can You Be Socially Responsible?

Clearly, a surgical **mask** will not allow **viruses** to go through.

How Can You Be Socially Responsible?

That is why we have to use a **mask** when we are **sick**.

How Can You Be Socially Responsible?

If everyone is **socially responsible** and do their part, **viruses** will not easily spread and fewer people will fall **sick**.

How Can You Be Socially Responsible?

This COVID-19 **pandemic** may take a while to go away.
But it eventually will and life will return to normal again.
For now, let's stay positive and be **socially responsible**.
